Introduction

The IPPC-5211WS 21.5" fully sealed stainless steel multi-touch panel PC is IP69K rated and has a full range of modular accessories aimed at OEM and process manufacturing. With the inclusion of iDoor technology, iKey, and an external antenna, IPPC-5211WS supports special functions and can provide the superior performance and functionality required for machine-to-machine (M2M) and Internet of Things (IoT) applications. To ensure reliable operation in harsh environments, IPPC-5211WS is IP69K rated for protection from water and dust ingress. Moreover, the IPPC-5211WS system also supports one-touch shutdown to prevent unauthorized operation for improved security.
